

Commerz Real restructures its digital asset management

- **Management by Digital Factory and Asset Management**
- **Susanne Bonfig to leave the company**

Commerz Real is restructuring its digital asset management. In the future this will be managed by the Digital Factory and Asset Management divisions. Susanne Bonfig, the head of digital asset management since 2018, is leaving the company by mutual agreement. "Susanne has made Commerz Real more digital and thus more efficient, and we wish her all the very best with her future projects," says Chief Executive Officer Andreas Muschter. In the company since as long ago as 2012, she was responsible for the standardisation and modernisation of company-wide processes and asset management services. In addition, from 2016 to 2018 as Head of Office & Industrial she was responsible for the entire office real estate portfolio of Commerz Real. In these functions she made a major contribution to significantly lowering the vacancy rate and, at the same time, to increasing the leasing volume. In the course of Commerz Real taking up a stake in the leasing start-up Share Your Space in the autumn of 2019 Susanne Bonfig was appointed to the management of the online platform as its Chief Operating Officer, playing a major role in advancing its further development and expansion.
