

Commerz Real leases out more than 4,000 square metres in Frankfurt's Eurotheum

Commerz Real has leased out a total of 4,150 square metres in the Eurotheum office ensemble in Frankfurt am Main to four companies. Calypso Technology Deutschland, a provider of software for financial markets and asset management, the Spanish bank Caixabank S.A. and the co-working spaces provider Mindspace will be moving into the building between March and August 2018. In addition, the European rating agency and research company Scope is leasing additional space alongside its existing offices. Thus the occupancy rate at the former seat of the European Central Bank has increased to approx. 84 per cent.

The 110-metre-high Eurotheum has more than 21,150 square metres of office space, which may be leased in units starting from just less than 250 square metres. In addition to the interactive lobby with a concierge service, other services provided include a computing centre, conference rooms and catering. Furthermore, from the beginning of 2018 onwards "You Grand – Night & Day Lounge" with its open kitchen will be supplementing the gastronomic offerings. Floors 22 to 29 accommodate the hotel "Inside Frankfurt Eurotheum", a part of the Melia hotel chain. Its sky-bar and additional conference rooms are also available to office users. The building has been owned since 1996 by the Commerz Real open-ended real estate fund hausInvest.
